**The Hayley Petit Injury and Violence Prevention Fellowship**

**THE HAYLEY PETIT INJURY AND VIOLENCE PREVENTION FELLOWSHIP:** The Hayley Petit Injury and Violence Prevention Fellowship was established with support from the Petit Family Foundation to honor Jennifer Hawke-Petit, Hayley Elizabeth Petit and Michaela Rose Petit. The Fellowship seeks to honor “the kindness, idealism and activism that defined their lives,” while also advancing the mission of Connecticut's Injury Prevention Center to reduce injury and violence among Connecticut's children, adolescents and adults through research, education and training, community outreach and policy advocacy.

**ABOUT THE FELLOWSHIP:**

The Fellowship is an exciting, **in person**, 10-week program with Connecticut Children's Injury Prevention Center (IPC). This program provides recipients with an introduction to the fields of public health and injury prevention. Selected applicants will participate in this immersion into the field of injury prevention through readings, discussions, and presentations by IPC faculty and staff. Fellows will work with experts at the IPC to develop and design their own injury prevention-related project which they will present to representatives from the hospital, the Petit Family Foundation, and Dr. Petit. Additionally, fellows may have the opportunity to participate in clinical job shadows and community outreach events.

Fellowship recipients are selected for their interest in injury and violence prevention and public health as expressed in a one page essay (see details below) and indicated by your resume. Each Fellow is awarded a \$1000 stipend at the end of the session. Meeting days and times will be determined with selected Fellows, with efforts made to accommodate existing obligations. The expectation is that Fellows should be available for 3-4 hours of meetings during the week. Meetings will take place at 10 Columbus Blvd, in Hartford CT.

**Eligibility:** The fellowship is open to students who identify as women, are able to receive federally taxed wages and are currently enrolled in an undergraduate or concurrent graduate and undergraduate degree-granting program of a college or university. Students should have access to reliable transportation to and from Hartford and be available for a once weekly two hour meeting, The time and day of the meeting will be determined once Fellows are accepted and a convenient time is identified.
