

# PROTECTIVE EYEWEAR

Protective Eyewear	Recommended Use	RATING FOR LOW-RISK SCENARIOS	RATING FOR MEDIUM-RISK SCENARIOS	RATING FOR HIGH-RISK SCENARIOS	Good to Know
	 <b>VERY GOOD</b>				Can be ordered through Lawson, Item #555726 Provides full - face protection including over the mask. Comfortable to use with personal eyeglasses. Can be re-used Sterilize with cavi wipes and rinse Does have fogging issues
	 <b>VERY GOOD</b>				Can be ordered through WB Mason, Item #CRW2235R Provides full eye protection – secured in all areas around the eye and is snug to the face Difficult to wear over glasses
	 <b>GOOD</b>				Can be ordered through Lawson, Item #579948 May have slight risk of exposure around the eye as it doesn't fit snug to the face.
	 <b>GOOD</b>				Can be ordered through Lawson, Item #555725 May have slight risk of exposure around the eye as it is not snug to the face
	 <b>TAKE CAUTION</b>				Slightly better than eyeglasses because of side protection – depending on brand, it may not provide complete coverage of the eye as there are gaps and not snug to the face.
	 <b>TAKE CAUTION</b>				Satisfies protection in low-risk situations and only when community positivity rate is <5% Does not prevent splashes or droplets from reaching your eyes Sides of eyes are not protected
